CNP-22 peptides; and  
airway-specific antibodies.

The Examiner has interpreted linear and cyclical RGD sequences as a single species.

Applicants hereby elect with traverse, **linear and cyclical RGD sequences**.

Applicants respectfully traverse the Examiner's restriction. The Examiner has not established that examining all of the disclosed species of the present invention would be a burden upon the PTO. See M.P.E.P. § 808.02. The claims recite nine species for examination and the Examiner has not shown or even alleged that examining all of the disclosed species would be a serious burden.

In view of the foregoing remarks, Applicants respectfully request the reconsideration and reexamination of this application and the timely allowance of the pending claims.

Please grant any extensions of time required to enter this response and charge any additional required fees to our deposit account 06-0916.

Respectfully submitted,
